CASH PLAN ADOPTED.

The postage law, which goes into operation 1st of January, 1875, requires prepayment on all newspapers sent through the mails beyond the limits of the counties in which they are published. We have, therefore, determined to adopt the CASH PLAN for all subscriptions. While avoiding the losses, tardy payments and ex-penses of collection incident to the credit system. we will be required to prepay the postage. The change determined upon will, therefore, prove beneficial to both subscribers and publisher. The former will be relieved of the postage tax whilst the latter will be enabled to simplify the operations of his business and to improve the facilities for conducting it.
No name will be entered unless the subscrip-

tion is paid for in advance. During the past few months every subscriber in arrears has been furnished, through the mails, with a statement or his account. Many have responded with remittances discharging their responded with remittances disensifying their lisbilities and paying in advance for the current year. We appeal argently to those who have not made a similar response to do so without listly added to the control of the second of of the seco nurther delay, as after the first of January, 1875, we will commence to discontinue the paper to those who have not paid in advance. The time within which all in arrears can close up the balances due and make an advance payment is ampie, and we flatter ourselves that but few names will be dropped.

ALMOST A PANIC. NEW YORK. Dec. 19 .- The quite which has prevailed at the Stock Exchange for weeks past was broken to-day by the suspension of a broker named H. R. Wright, who is a member of the Stock Exchange, but apparently very little known. This morning he appeared as a buyer of Toledo and Wabash stock, and took all that was offered, which was about 18,000 shares. No one supposed that the stock bought was

for his own account, as he has bad neither the eredit nor the standing to warrant such large purchases. About I o'clock he announced that he would be unable to meet his engagements. Wabash stock, which had been selling at 26a constantly making additions thereto, a splendid 264, immediately declined to 214, and other PETS both English and Domestic of the best stocks fell in sympathy. For a time panie ruled, and prices would have fallen more than they did except for the purchases of the "bears. Wright's failure is calculated to unsettle confidence. For if he failed on his own account, it shows a degree of desperation which is alarming, while if he failed on account of some large speculator who withholds his name, the matter is still worse, for it implies raseality on the part of influential dealers.

stock, under the rule, upwards of 6,000 shares were thus slessed out. There were also when the were thus closed out. There were also other transactions under the rule for his account. The price reacted from 212 to 243 after the failure, and was followed by a reaction to 22% The opinion on the street is that it was a put up job to depress the stock, and that Wright was a mere man of straw, the tool of others. There was great excitement about the matter. It is said the governing committee of the Stock Exchange will investigate and endeavor to bring to light the entire conspiracy and all parties engaged in it. It is charged on the street that a well-known operator was the inspiring spirit who put Wright up to selling out the Stock Exchange.
